SHRI NILOTPAL BASU:

Will the Minister of FINANCE be pleased to state:

(a) whether Government are aware of the column "It's party time, till ICE breaks the sensex" which appeared in "Indian Express" dated 13th February, 2000;

(b) if so, the reactions thereon;

(c) whether it is a fact that notwith standing SEBI's instructions the outstanding margin to be collected has risen to a dangerous Rs. 19,000 crores in the four major exchanges of the country;

(d) if so, whether the SEBI is sending its own teams to monitor compliance; and

(e) whether it is also a fact that client's registration forms are not being properly filled up as has been alleged?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI BALASAHEB VIKHE PATIL): (a) and (b) There has been a price rise in the Information Technology, Communication and Entertainment (ICE) sector scrips particularly in the software sector. This price rise is due to enhanced investor interest and global influence.

(c) and (d) The figure of Rs. 19,000 crores relates to the outstanding positions and not outstanding margins. Against the outstanding position, margins and additional apital cover of around Rs. 6,700 crores (35%) is available. In addition exchanges also have Rs. 1,500 crores as base capital and Trade Guarantee Fund. SEBI not only receives periodic reports from the exchanges on margin collection, but also conducts regular inspections of all active stock exchanges.

(e) It is a fact that in some cases clients' registration forms are not properly filled up. In such cases, SEBI either warns or initiates enquirires against the brokers concerned.

(b) if so the reactions there on;

(c) whether it is a fact that a closer look of the ICE companies driven share market boom reveals certain serious questions and that the phenomenal rise is mainly on account of greater number of rises than declines in B2 (not good companies);
